

800 SERIES

XPOWER AIR MOVERS

High-Performance Top-of-the-Line Air Movers

The XPOWER 800 Series is the most powerful line of air movers. Professionals receive superior performance from these powerful, industrial strength air blowers.

Like all XPOWER models, the 800 Series uses state-of-the-art injection molded housing materials for long term performance and durability to complete job after job thoroughly and quickly. It is the optimal drying machine capable of drying large areas in a minimum period of time; with the handle and wheel option, the lightweight unit can be easily maneuvered around the job site with no carrying.
